Training Facilities

Access Control Security Service Limited places a significant emphasis on comprehensive training to ensure our security personnel are prepared, confident, and skilled in their roles. We firmly believe that effective training is the cornerstone of exceptional security service. Our commitment to training is evident through the following facilities and processes:

Access Control Security Service Ltd.

www.accesscontrolbd.org

1. **Access Control Training Center (ACTC):** Prior to deployment, all security personnel undergo an intensive basic training program at our Access Control Training Center located in Satarkul, North Badda. This program spans two to three weeks and is conducted by highly qualified instructors with backgrounds in defense forces.
2. **In-House Training Infrastructure:** Access Control maintains a dedicated training infrastructure within our organization. This infrastructure includes well-equipped barracks, training sheds, training grounds, and access to various training aids.
3. **Qualified Instructors:** Our training programs are led by experienced and certified instructors who ensure that our security personnel receive top-notch instruction and hands-on training.
4. **Continuous Training:** We recognize that training is an ongoing process. To meet the evolving needs of our clients and to keep our security personnel at their best, we follow a multi-step training approach:
 1. **Basic Training:** Intensive training at ACTC before deployment.
 2. **Practical/Orientation Training:** On-site training at the assigned security posts to familiarize personnel with their specific duties and responsibilities.
 3. **Refresher Training:** Regular refresher courses are conducted every six months to reinforce skills and knowledge.
 4. **Group Training:** Specialized posts requiring specific skills receive one-week group training sessions before deployment.
 5. **On-Duty Counseling:** Our patrol supervisors conduct on-duty counseling during routine visits to the security posts, offering guidance and support to our personnel.
5. **Fire Safety Training:** In addition to our standard training programs, we also provide essential fire safety training. This training includes instruction on operating fire extinguishers, fire alarm detection systems, and other fundamental fire safety protocols. Ensuring that our personnel are equipped to respond effectively to fire-related emergencies is a critical part of our commitment to safety and security.

We firmly believe that a well-trained security team, including fire safety awareness, is better equipped to provide effective security solutions and respond to various challenges. Through our commitment to training, Access Control Security Service Limited ensures that our personnel are prepared to meet the highest standards of excellence in the security industry.
